

Elisa Delgardio

Elisa's special events experience stems from years of working weddings, events and mitzvahs at exclusive clubs and catering establishments in New York (Long Island). Her subsequent studies in Interior Design (NYIT) helped her fine tune her intuitive understanding of the technical and artistic aspects of designing environments.

Since founding **A Flair for Affairs®** in 1997, Elisa has planned and produced hundreds of sensational, emotional and unforgettable weddings and events.

Elisa is highly respected and enjoys the distinction of being sole wedding and event professional in Florida to hold the prestigious designations of **Certified Special Events Professional** and **Master Bridal Consultant™**. She brings over 20 years of experience to planning, designing and producing weddings and events.

She is honored to have worked alongside the best of the best in the wedding and event industry: Her active roles in International Special Event Society, Association of Bridal Consultants, Wish Upon a Wedding, and The Special Event (to name a few) have provided the opportunity to plan amazing industry events, coordinate exemplary educational programs, and exchange ideas directly with notable planners and designers.

Elisa has received international recognition via award nominations, speaking engagements and published articles.

Elisa resides in Orlando with her family. In addition to her work in special events, she co-owns a popular Italian restaurant with her husband.
